**What is Going On Tonight.**  
Republican Town Committee Meets in Probate Office.  
Vaudeville and Moving Pictures at the Southern Opera House.  
Moving Pictures at the Bijou and Scenic Temple.

**WANT TO BE SELECTMEN.**  
Three Republicans and Two Democrats Admit Their Aspirations.

The office of the first selectman seems to be the bone of contention in fall politics, and there are looming up many aspirants for the best job in town from both the republican and democratic ranks. At present there seem to be three republicans and two democrats in the running. Former First Selectman S. Arnold Peckham and James M. Smith are of the opinion that he can "come back" and try. Both Messrs. Peckham and Smith have admitted that they would be candidates.

The third aspirant for the job from the republican rank and file is a newcomer, David A. Turnbull, whose name has been mentioned in connection with the nomination. Mr. Turnbull said Wednesday evening that if Mr. Peckham and Mr. Smith were going to get to fighting again his friends had advised him to step in. He said: "If my friends wish me to accept the nomination, I shall be glad to do it. I will do what I can for the best interests of the citizens of the town."

Still another member of the republican party may yet be a candidate for the office, but he is having low until the night of the caucus, at that time how matters shape up at that time. He is a man well qualified and has plenty of time to devote to the office, should he be elected. He has served his party in the past and is ready to do so again. He does not care to have his name mentioned at this time, but is working in a quiet but effective way.

The democrats who are out for the honor are First Selectman James J. Few, who is seeking a renomination. He has been confined to his home for several days with a bad attack of rheumatism, but expects to be able to resume his duties today if the weather is favorable. First Selectman Few will certainly be a candidate, as are other known aspirants: Robert E. Mitchell, the civil engineer and foreman of Albert Hose company. He said Wednesday afternoon that he would not turn a hand to obtain the nomination, but that if his friends wanted to tender him the nomination he would work for the best interests of all the people of the town as a whole. When Mr. Mitchell was told that Mr. Mitchell was a candidate he as much as intimated that he himself would not be a candidate. Mr. Mitchell would be given the backing of the fire companies, which would be too tough a combination to buck.

**City to Have New Armory.**  
The news that Willimantic is to have a new armory is certainly joyful news to the militia and citizens as a whole. A fine new structure will make the city of Willimantic more attractive than ever. Starts Up to Run Out Stock Before Corporation Dissolves.

The mill of the Monohansett company, which has been shut down for about six months, was started Wednesday morning to run out the stock on hand, after which it is expected that the corporation, which was established in 1874, will be put through the process of dissolution. The mill manufactures plain cottons.

It is understood that the intention of the directors to dissolve the corporation is due to the fact that their lease on the mill, which belongs to Joseph P. Dolan, expires in January next, and because of the illness for a year past of President George W. Putnam, who was the active head of the concern.
